SD-BUG-001 — Product Image Does Not Match Product Description

Project: SauceDemo Manual QA Practice
Related Test Case: SD-TC-006
Module: Product Inventory / Product Details
Severity: Low (Proposed)
Priority: Medium (Proposed)
Status: Pending Triage
Browser: Google Chrome

Description

The product "Test.allTheThings() T-Shirt (Red)" is displayed with an image depicting an orange/red-orange long-sleeved sweatshirt rather than the red T-shirt indicated by the product name and description.

Steps to Reproduce

1. Log in to SauceDemo using `standard_user`.
2. Navigate to the Products page.
3. Locate "Test.allTheThings() T-Shirt (Red)".
4. Compare the product image against the product name and description.
5. Open the product details page and inspect the image.

Expected Result

The displayed product image accurately represents the listed red T-shirt.

Actual Result

The inventory and product details pages display an orange/red-orange long-sleeved sweatshirt.

Evidence

- `screenshots/SD-TC-006_Product_Inventory.png`
- `screenshots/SD-TC-006_Product_Details.png`

QA Assessment

The inconsistency is visible in the captured screenshots. Whether it represents an unintended application defect or intentionally configured demo content has not been established. Further triage is required.
